Meeting brought to order at 7:15 PM

The Soucys came to this board to discuss operating their new business in their Quonset Hut across from their present business. Amy reported on why this can't be allowed. This should go to town's people to change ordinance from a residential to a commercial area in order to be approved.

Amy explained to the Soucys what they needed to do and whom they should contact before a special meeting should be called so they would be well prepared to make the necessary changes. She suggested that they contact Rich Baker in Augusta.
