# Portage Lake Electrical Upgrades & Construction

---

## Scope of Work

### Portage Lake Town Hall, 20 School St.:

**Interior**--Install LED lighting in the basement, small office located in the Book Room, Fire Department office and Fire Department garage truck bay.

**Exterior**—Replace 4 existing exterior flood lights with LED lighting w/motion sensors (if available) and install 2 additional fixtures of the same.

**Generac Generator**—Correct multiple code violations discovered during an outlet install, including: relocation of conduit from main disconnect to ATS instead of through main panel and installation of properly sized conductors for same, replace Eaton Circuit Breakers with GE (ABB) Breakers per panel manufacturers UL listing, remove double taps on breakers and separate grounds and neutrals in main panel.

### Portage Lake Pavilion, 33 West Rd.:

Replace 10 8-ft light fixtures with 10 LED vapor tight fixtures, per insurance

### Seaplane Base, 19 Seaplane St.:

Install new electrical service to building, including installation of new panel & breakers, meter, run new wiring for interior & exterior outlets, and light fixtures.

### Municipal Campground, end of West Rd.:

Upgrade 2 camper sites from 20 to 30-amp outlets and 5 camper sites from 30 to 50-amp outlets

Upgrade breaker box

### Main Street:

Extend outlets on poles for Christmas décor (12 poles) to within 5 inches of décor brackets

Install new outlets on 2 poles (#41615 and #288996)
